CLARK COUNTY ITEMS.

We are indebted to the Sun for the following:

Ben. V. Jones and wife bought of Wm. Kahler, a house and lot on South Main street near the Fair Grounds for \$1,000.

His Eminence, Frank Van Meter's horse, won the Clark stakes at Churchill Downs Monday as easily as he won the Kentucky Derby the week before. Both stakes amount to over \$10,000.

In the Circuit Court Prof. W. A. Buckner was admitted to the bar for the practice of law. Prof. Buckner was for several years a member of the faculty of Kentucky Wesleyan College.

Mrs. and Mrs. L. Williamson, of Massachusetts, have leased the handsome home of G. W. Winter, with the privilege of purchasing should they desire to do so.

J. H. Williams, of Hedges, visited his father, Hon. Jas. W. Williams. He returned, taking about 60 two-year-old cattle, which he will feed for the market.—Powell County News.

The reports of the Recorder and the Chief of Police showed twenty-four cases tried during the past month, in which fines amounting to \$129 and costs of \$94.60 were imposed. Of this \$49.80 was collected, and \$14.60 collected on old bonds. The City Clerk reported \$70.50 collected for license. The Treasurer's report showed a balance to the city's credit of \$41,968.80, to which were added the above amounts, making \$51,038.79.

A number of farmers in this and adjoining counties took out fire insurance in the Enterprise Insurance Company, of Lexington, which company is run on the assessment plan, and some of the insured in this county say that the agents of the company represented that the assessment per annum would not exceed a certain amount.

The company has several hundred thousand dollars of insurance in force. The loss by fire last year was heavy and to pay the liabilities a heavy assessment was made a few weeks ago on each insured, and as a result there is great kicking. The assessment amounts to nearly two per cent. per annum, which makes their insurance come pretty high.

Mrs. Samuel Willis, Jr., is seriously sick at Lexington.

Lafayette Wade, aged about 48 years, died Sunday morning, May 4, at his residence on the Donalds son pike. His death was a surprise to his many relatives. He was an honest, industrious, courteous, citizen, and enjoyed the friendship of the entire community. Mr. Wade leaves a wife, formerly Miss Lee Jones, to whom he was married about sixteen years ago. Five children are left to mourn the loss of a kind, devoted father.

Judge Benjamin Forsythe Buckner, died Monday May 6th, after a long illness, aged sixty-four years. The funeral was conducted by Rev. G. W. McGready and G. C. Abbott, of Mt. Sterling, and burial in Winchester Cemetery. The deceased leaves a wife formerly Miss Martin; two daughters, Mrs. S. D. Golf and Miss Sara Buckner, and one son, Ben F. Buckner, Jr.

Judge Buckner was a native of this county and was one of the ablest and best known lawyers in Kentucky. He enlisted in the Federal army of the civil war, was advanced to Major of the 20th Ky. Infantry, and was a gallant officer. After the war he represented Clark county in the Lower House of the Legislature. He practiced law in Lexington for a number of years,

and served a term of six years as Judge of the Common Pleas Court. In 1880 he was elected Circuit Judge from the district composed of the counties of Clark, Scott, Fayette, Bourbon, Woodford and Madison, and served with credit to himself and honor to the State.

Mrs. Sallie Clinkenbeard died at her home in Covington Saturday morning, May 4th, aged about fifty years. The remains were brought here Sunday and buried in Winchester Cemetery with services at the grave by Eld. J. W. Harding. The deceased leaves a husband, Edward Clinkenbeard, and three children.

WADSWORTH.

The three year-old child of Mr. and Mrs. Nelson Gay is quite ill.

The many friends of Swift Parish, of Lexington, will regret to know that he has been very sick for several days.

Slack & Crane, contractors, begun the foundation for R. L. Bratton's elegant new home last week.

Elder J. M. Rash closed a most interesting series of meetings at Mt. Carmel last week, after having received thirty-five members into the Christian church.

Murderer Captured.

Charles Gaskin, charged with murdering James Ryan at Flemingsburg, was brought from Charleston and waived examination. He was held without bail for the next term of court, and was remanded to the Mayville Jail for safekeeping.

Fugitive Taylor Buys a Home.

W. S. Taylor the Kentucky fugitive, has purchased the residence property of former Judge Hackney, of Indianapolis and his friends announce that he has received assurance of protection and has determined to make that State his future home. The assurance that Gov. Darrin will not honor a requisition for his return to Kentucky is said to have come indirectly through the Executive office, but not from the Governor himself. Taylor paid \$4,000 for the property.

Starch Trust Closes Plants and May Increase Prices.

A telegram from the head offices of the National Starch Company states that the company will close all its eleven factories as soon as the present corn supply is consumed. The Sioux City plant, which is one of the largest in the country, will continue until about June 1. The other factories are in Nebraska City, Neb.; Des Moines, Ia.; Cincinnati, Buffalo, Glen Cove, N. Y., and other places.

President Piel said that all the factories were overstocked. It is believed the trust proposes to stop production and sell the present supply at increased prices. One hundred and fifty persons are thrown out of work at the local plant.

This is the result of Republican fostering. How do the laborers like it? Small compensation, just enough to live off of, and when a rainy day comes they are almost dependent upon the charities of the public.

Hall's Family Pills are the best Standard Oil Stock.

This company by declaring a 12 per cent. dividend, increases John D. Rockefeller's wealth to about \$4,000,000.

The Standard Oil Company, of New Jersey, has declared a dividend of \$12 per share, payable June 15. In March \$20 was paid. Last year four dividends were declared: \$20 in March, \$10 in June, \$8 in September and \$10 in December. The stock sold on the curb last week at \$82, the highest on record.

The dividend of 12 per cent. last week makes 52 per cent. for the year on the common stock, or \$52,000,000. John D. Rockefeller owns a third of the stock, which makes his share of the year's profits over \$17,000,000, over 310 times the salary of the President of the United States. The dividends from the Standard Oil stock constitute, however, only a part of Mr. Rockefeller's income, as he is heavily interested in banks, railroads, mines, the Steel and other trusts.

In Covington

Mr. John I. Fisher, of North Middletown, has taken the house No. 619 Greenup street, and with his family are now residents of this city. Mr. Fisher is an expert accountant and is well and favorably known in banking circles in this State. Mr. Fisher is a native of Nicholas county and was a special and spirited correspondent of the Commonwealth from Carlisle some 15 years ago. He has some very instructive interesting tables which have attracted the attention of accountants in all parts of the country. We hope Mr. Fisher and family may find Covington a pleasant place in which to make their home.—Covington Commonwealth.

ANOTHER STRIKE.

Conflict Between Capital and Labor—2,000 Employees Out of Work.

All This Under the McKinley Administration.

Another strike of Delaware, Lackawanna and Western railroad employees was precipitated by the refusal to grant the request of the workman for a nine-hour working day at the present rate of wages. A grievance committee of twelve men, representing the machinists, waited upon Superintendent of Motive Power Lloyd and requested the concession. He refused the demand, a report was made by the committee and the men decided to strike at once. All the men went out, including machinists, blacksmiths, boiler makers and helpers, engine wipers and laborers, to the number of nine hundred, which, with the number that went out last week, amounts to about 2,000. Word of their action was sent to all other men in similar occupations along the line from Hoboken, N. J., to Buffalo.

HORSE AND TRACK.

England had paid out \$24,000, 000 for horses in the War up to March 1.

Crescent's first start will be at Cincinnati, July 1, when he will go after the wagon record of 2:05, now held by the Abbott.

There are now 10,707 trotters in the 2:30 list, 12,083 of which have gained their records in the last ten years. These figures do not indicate the passing of the trotter.

George H. Letcham of Toledo, has sold to R. H. Plant of Macon, Ga., the six-month-old colt Crescent Direct by Crescent 2:04, dam Miss Wooliver (half sister to Crescent) for \$5,000.

Notwithstanding the fact that Thomas W. Lawson is the owner of nearly 200 horses, it is said that when his mare Arline (Chimes) produced a youngster by Baron Wilkes 2:18, it was the first foal he ever bred.

Joe Thayer has been offered \$2,500 for the yearling filly of The Bondaman, that has been showing so well in her work at Louisville.

Mai S. Cohen, of Richmond, shipped, several days ago, to the New York market sixteen high-class. These horses were bought in this state at prices ranging from \$200 to \$700.

Francis B. Douglas, who has been on the staff of the New York World for several years, has resigned his position there to become general manager of the Fayette Telephone Company in Central Kentucky.

The summer is for the closest possible association with Nature; for the teachings of those simple, every day truths: those wonderful lessons of life which lie in every wild flower that blooms, in every leaf that grows, in every bird that sings, and in every brook that flows. We leave those lessons unread, and yet within them lies more fascination, more mystery, more marvelous plot, than the finest romance ever penned.—May Ladies, Home Journal.

THEY TELL ON EACH OTHER.

McCormick acted naughtily so they say, got himself deposed and now he goes after others. He really tells about Dr. Lackey loving a girl attendant and so manifest was his admiration and attention that it was talked about, and other attendants were threatened with dismission because they would not associate with his woman. This is McCormick talking and a pretty mess is being stirred up at the Hopkinsville Asylum. He also tells about State Inspector Hines gambling with divers parties about the asylum. Some more deposing may be necessary. If the lives of those in charge are in any degree subject to adverse criticism they should be discharged at once. No man or woman with character stains is worthy any position with the gift of the people through their representatives or otherwise. However, this tell-tale method does not in any way modify the charges against McCormick.

TOO LITTLE FOR A PRESIDENT.

When a high Executive goes swinging around the country, appearing at the tail of a car at way stations, it appears to thinking folks very much like the touch to a sensitive plant. The leader draws up and becomes diminutive. Small as still is the man who goes around the country, so is the aristocratic Stokins small, flattering with the view of ingratiating himself and party into the graces of the weaker brethren who are the multitudes that do the voting. A mighty small business this, on the part of a man who 'poses as great.

CHINA WILL WANT PECUNIARY AID.

Indemnity demanded will be \$50,000,000, or in our money about \$60,000,000. Now China, not feeling able to negotiate for so much ready cash, will ask the powers to aid her in securing this amount together with an additional amount of 20,000,000 taels or \$28,000,000 annually. It would not be well for the United States to get into this mix up on finances for the reason that trouble unlooked for often grows out of just such deals.

PROPHETS.

There are modern day prophets who foresee early financial troubles. With prophetic vision they see money matters in a closer pinch than ever before, and were it not for the fact the world has ever had her share of men whose minds ran in channels of evil forebodings we might be a little alarmed. The fact that good times confront us is not denied, but the wisdom of the policy by which attained is another distinct question. We have money in the channels of trade, plenty of it. True it is borrowed money, but with half payment of bonds at maturity without producing any kind of contraction.

AFTER THEM.

For the many complaints of the real estate owners along the valley of Hinkston creek concerning the pollution of the water by sloop from the McBrayer distillery comes the excuse in substance, this: "We could not help it, for while we slept some despoiler of property cut our dam and let the sloop out into the stream. Well, if this is true, (we will not doubt it) the managers will place guards and see this is not repeated.

The parties effected are enraged and will ask redress from the courts, when the proprietors of the distillery will have an opportunity to affirm by evidence their statements. The parties guilty, whether managers of distilleries or persons for pure meanness, should be subjected to the full penalty of the law.

LANDED.

Dr. L. H. Blanton, former President of Central University, has landed 2d place in the Kentucky Presbyterian Educational Combination at a price of \$3,000 per year and residence, while Dr. Roberts is President, with the same salary, a home, and holds the reins. Mathematically speaking the result is as follows: As the Assembly Presbyterian School is to the Southern, so is the first fiddler to the second. From the start Dr. Blanton will be on the go, while Richmond, the home of Central, is out in the cold.

KENTUCKY BAPTIST HONORED.

The election of Dr. T. T. Eaton to the Vice Presidency of the Southern Baptist Convention in session at New Orleans last week was a recognition of power among Kentucky Baptists as well as a tribute to the eminent divine.

Believed to be Safe From Kentucky Bloodhounds, He Purchases a Residence in Indianapolis.

Governor W. S. Taylor, of Kentucky has purchased a residence at 2121 North Delaware street from former Judge Hackney, of the Supreme Court, and his friend believe he has received assurances of protection and has determined to make that State his future home. The assurance that Governor Durbin will not honor a requisition for his return to Kentucky is said to have come indirectly through the executive office, but not from the Governor himself, but it is so direct that Governor Taylor feels that there is no probability of his being surrendered to Kentucky and New York bloodhounds. He paid \$50,000 for his new home, which is located in one of the most desirable residence districts in the city.

The above, headlines and notice, was clipped from the Lexington Leader of May 8th.

We would remind the editor of the Leader and his correspondent that blood-hounds are used to trace and capture thieves, escaped convicts, jailbirds, murderers, arsonists and other criminals. These sometimes escape arrest. We are informed that Mr. Taylor "feels safe." Does the editor mean to admit the guilt of Mr. Taylor? No doubt there are thousands, yes hundreds of thousands of men and women in Kentucky and abroad (in Indiana) who are convinced that he is guilty of complicity in murder, and through imperfect extradition laws is held a refugee in a neighboring State. Poor fellow!

Because Mrs. McKinley has written a letter or which is the same given expression of her kind feeling for, and the good traits of her husband, really citing incidents worthy of commendation, some people have a more exalting opinion of the now touring executive.

The trial of Withers, murderer of young Roys, was continued until Monday. It is safe to say he will be held to answer without bond. A speedy trial and death sentence would be justice.

Any brute who would assault a woman deserves nothing short of death.

FACTS AND OBSERVATIONS

TO TORRENT AND JACKSON.

On Friday morning at 6:50 the writer left for a trip up the L. & E. At the depot he met John W. White and T. D. Jones, who were enroute to Carlisle. They informed us that they and Jan. L. McCormick, J. W. Burton and Davis O'Rear had been summoned to appear before the Nicholas County Grand Jury on that day.

Since their return we learn that the grand jury interrogated them concerning the distillery located in our city. They were informed that the sloop which runs into the creek here has killed large quantities of fish and has polluted the stock water in Nicholas county to such an extent that an effort will be made to suppress the nuisance. There is much complaint there on account of this. Later we will tell what action the grand jury took and will note the proceedings of the court.

At Winchester we learned that on Thursday afternoon at her country home, "Dunreath," Mrs. David Prewelt entertained quite a number of lady friends at a Library Party. An elegant dinner was served. Among the guests were Mesdames Thomas Kennedy and J. A. Vansant, of this city.

At 8:30 our train left with a car attached carrying Prof. Hagerman and about 65 young ladies from Hamilton College, who were to see the sights at Natural Bridge. Some of the people along the way were evidently not accustomed to College Yells. We did not venture into the car, but occasionally looked in.

We saw one young man who as

isted the newsboy in selling fruit and candies.

At Clay City a force of men was engaged in putting in a fountain and making flower beds in the L. & E. Company's park at the depot. We heard that five thousand plants would be put out.

We thank the gentlemen for their thoughtfulness in thus beautifying their route. Natural Bridge will be made still more attractive. A large green-house located here will supply plants for those stations along the route where improvements will be made.

TORRENT.

We spent a few hours here and were pleased to meet the new manager, W. W. Howe, of Carlisle, who is now in charge, putting things in order for the season. The hotel is always open. The date for the formal opening will be announced later.

Mr. Howe is a younger man than we expected to see. He is not, however, a novice at the hotel business and will, we trust, add to the reputation of this attractive and popular resort.

Mrs. Howe will look after the social features, and Mrs. Bettie Keller, who for 14 years was in charge of the Smith House in Cynthiana will direct the kitchen and dining room.

Stanley W. Keller, son of Green Keller, of the Carlisle Mercury, and kinsman of the manager, will be in and out to add to the pleasures of the guests.

(Continued next week.)

STABBED TO DEATH

Was W. L. Roys, of Sharpshurg.

A Medical Student at Louisville.

On last Thursday afternoon John Withers, assistant Junior of the Kentucky School of Medicine was drunk. He is very mean when in this condition. This afternoon Mr. Roys was in charge and seeing the negro in this condition asked him to go away and not return until he became sober.

Later in the evening the drunken negro returned and his very actions indicated impudence. He pushed through and closed the door with a slam. Roys spoke to him again and the negro becoming insulted, Roys pushed him and he went to the bottom of the steps and returning without a word drove a blade into the heart of young Roys killing him instantly. The negro fled and after some time was caught by the police and hurried to the County Jail. Enraged students of the college were in close pursuit and had they found him he would doubtless have been swung to the first limb.

Young Roys was 27 years old, a model young man free from all bad habits and very popular at his home. His death was the cause of real sorrow and the fond mother was prostrated with grief. His remains reached here Friday accompanied by four students and one of the faculty and was met by about fifty of the young man's friends. His remains were conducted to his home and on Saturday a large crowd met to pay the last rites. Funeral was preached by Rev. F. J. Check and burial took place in Carlisle Cemetery.

TOOK IN SHOW.

"Mayor of Mt. Sterling" Here With a Delegation From That City.

The Mt. Sterling delegation landed here in full force this morning led by Charley Oldham, and little of the sights did they miss. They had in charge the famous mascot, Ben Berkley, known as the "Mayor of Mt. Sterling," and he was the center of attraction. Berkley is a diminutive dapper about 60 years of age and was attired in a loud red vest, with bandanna necktie, a light hat with bandanna trimmings, and several bouquets which would put to blush some of the local decorators attached to the lapel of his coat, and a walking cane decorated with ribbons of various colors, and to make up the picture a large Henry Clay precinct projected from his mouth at which he puffed incessantly. Ben and his friends took in the big show during the afternoon and had a good time.—The Leader, Lexington, May 8.

They went to see the great show, Buffalo Bill.

Southern Baptists.

The Southern Baptists held two sessions in New Orleans Sunday and discussed the "Twentieth Century." Asheville, N. C., was selected as the next meeting place, and a resolution was offered declaring that the members of the Baptist Church believe the demands for indemnity from China are insupportable, and that the church should be willing to suffer for the cause of Christ.

A Rare

Opportunity for TEACHERS.

EIGHT WEEKS

Summer Normal and School of Methods

To be conducted in Mt. Sterling, Ky. beginning JUNE 24th and closing with the examination for State Certificate August 16 and 17, 1901.

Sept. H. M. Gann, of the City Schools of Mt. Sterling, and Prof. Milford White, of the Normal Department of the State College of Kentucky University, will be in charge. Classes will be organized and thorough drills given in all subjects required in examination for county or state certificate. Also a special course will be given, embracing a careful study of the fundamental principles of education and of the most approved method of instruction.

This is a rare opportunity for the teachers of this section of the State who desire to prepare for either the State or County examination and for teachers of all sections who wish to spend the summer in one of the most pleasant places in Kentucky, and at the same time be in touch with a line of work which will enable them to return to their schools next year better prepared than ever before. Building well equipped and well ventilated.

Instructions thorough and by up-to-date methods.

Terms reasonable. All invited. For further information address H. M. GUNN, Mt. Sterling, Ky., or MILFORD WHITE, Lexington, Ky.

Nice Sum in Treasury.

The monthly balance sheet of the State Auditor and Treasurer shows a balance in the Treasury of \$307,202.12.

"Take care of the pennies and the pounds will take care of themselves."

Large things are but an aggregation of small things. If we take care of the small things we are in effect taking care of the large things which the small things combine to make.

Take care what you eat, when you eat, and how you eat, and your stomach will take care of itself. But who takes care of such trivial things? That is why, some day, the majority of people have to take care of the stomach. When that day comes, there is no aid so effective in undoing the results of past carelessness as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, and restores the organs of digestion and nutrition to a condition of healthy activity. It cures biliousness, heartburn, flatulence, indigestion, palpitation, dizziness, cold extremities and a score of other ailments which are but the symptoms of disorder in the stomach and its allied organs.

Water to High.

The gunboat Scorpion cannot pass under the bridge at Memphis, and therefore will be compelled to anchor below the bridge. The occasion is to be at the reunion of Confederate Soldiers.

A Colored Scrap.

The negroes of Wales Mill and vicinity had a festival on John Craycraft's place near Wales Mill Saturday, May 1. In a short time trouble arose and shooting began. Asa Gress was shot in the side but not seriously hurt. Jeff Skillem had his leg broken by a bullet and amputation may be necessary. John Will Foster, who did the shooting, escaped and has not been arrested. The negroes are quite reticent as to the cause of the trouble.

Born in the Penitentiary.

The first child born to the penitentiary for many years, was born Tuesday night. The mother was Lou Bush, a negro woman, who was sent to the penitentiary from Winchester last fall to serve a life term for the murder of her baby which was found drowned in a barrel of blood and filth at Renker's slaughter house.

A Lexington College Professor Says Smokers of Cigarettes Usually Fail.

Prof. B. H. Elliott, who occupies the chair of mathematics in Kentucky University, made the following startling statement:

"Almost without exception, my students addicted to the habitual use of cigarettes are unable to make any progress in higher mathematics. They may pass without great difficulty freshman and sophomore years, but when the junior and senior years are reached and deep and continued thought is required they struggle, often manfully, wave and fail. This fact is so often brought to my notice that it has become my custom each year to warn my classes against the use of tobacco, and especially cigarettes.

"When I see a man beginning to show signs of failure, if able, I attempt to learn the cause. If it is simply mental incapacity, or because his bent is not in that direction, of course I can do nothing. But when I find that he uses cigarettes, I speak to him privately and tell him that he must give up cigarettes or else the hope of passing. I am not a physician, but my experience has taught me that the continued use of cigarettes cripples deep mental exertion."

Like Wornout Horses.

An exchange sensibly remarks: "Boys with hats on the back of their heads and long hair hanging down their foreheads, and cigarettes and smutty stories in their mouth, are cheaper than old worn-out horses. Nobody wants them at any price. Men will not employ them and girls will not marry them. They are not worth their keeping to anybody, and they will not keep themselves. If any boy who happens to read this answers to this description, let him take a look at himself and do what his conscience says is best to do.

"I have been suffering from Dyspepsia for the past twenty years and have been unable after trying all preparations and physicians to get any relief. After taking one bottle of Kodol Dyspepsia Cure I found relief and am now in better health than I have been for twenty years. I can not praise Kodol Dyspepsia Cure too highly," thus writes Mrs. C. W. Roberts, North Creek, Ark. F. C. Duerson.

Wanted to Die.

Jerry Stubbledick, a seventy-year-old citizen of New Concord, Ky., is dead. He refused all medical attendance saying he had lived as long as he wished, and wanted to die.

Sound advice to those who have kidney and bladder troubles, is to take a safe, sure medicine like Foley's Kidney Cure. It always benefits the kidneys. F. C. Duerson.

If people only knew what we know about Kodol Dyspepsia Cure, it would be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after eating, belching, flatulence, sour stomach or water-brash, caused by indigestion or dyspepsia. A preparation, such as Kodol Dyspepsia Cure, which, with no aid from the stomach, will digest your food, certainly can't help but do you good. F. C. Duerson.

A Cup of Good Coffee

To get a really good cup of coffee you'll have to start back of the actual making; you'll have to look to the roasting and the grinding. In ARBUCKLES you have a coffee that's scientifically roasted, and delivered to you with all the pores of the berry hermetically sealed. You're sure of a good cup of coffee because all the coffee flavor and aroma are kept intact until you want it. The fame of ARBUCKLES' induced other coffee packers to put out imitations of it. These imitations cost the grocer (and you) a cent a pound less than ARBUCKLES'. But don't be tempted to buy a package of some other coffee when you can get

Arbuckles

Roasted Coffee

for it is actually less expensive than the cheap kind; goes further—besides being better flavored, more satisfying.

You will find a list of useful articles in each package of Arbuckles' Coffee. A definite part of one of these articles becomes yours when you buy the coffee. The one you select from the list will be sent you on condition that you send to our Nolson Department a certain number of signatures cut from the wrappers.

Bodies Eaten by Cannibals.

A dispatch from Brisbane, Queensland, under date of May 8, says: "A search party which has returned from New Guinea, discovered the half-eaten remains of the Rev. James Chalmers and the Rev. Oliver Tomkins, of the London Missionary Society, and their followers, who were massacred in April by natives of Fly River, New Guinea, after a tribal fight.

Probably Postponed.

The new trial of Caled Powers, convicted as accessory to the murder of Gov. Gobel, will probably be postponed for a year by the action of attorney Kinkaid for the defense in securing an extension of thirty days for the filing of a petition for the modification of the opinion of the Appellate Court, which was written by Judge Durrelle. The illness of Chief Counsel Sims, of the defense, was the ground for the request of the extension.

Bond Forfeited.

George F. Weaver, the barber who was charged with perjury in the Caled Powers case, did not put in appearance when his case was called at Georgetown Tuesday, and his cash bond of \$200 was forfeited.

Warehouse Burned.

Tuesday night near Wyoming, Bath county, during an electric storm, lightning struck a large tobacco warehouse belonging to Snedegar Bros. and it was entirely consumed, together with about 85,000 pounds of tobacco. The insurance on the tobacco and warehouse is \$5,000.

Worms Destroying Tobacco.

Tobacco growers near Versailles complain of very serious damage to plants by cut worms. The plant beds of Mr. James O. Shouse, near Mortonsville, is a total failure from this cause, and several beds forty feet long on J. A. Davis' farm were devastated by worms in a single night.

Destroyed by Fire.

Near the Forks of Elkhorn in Franklin county the residence of Hon. T. Y. Fitzpatrick was burned Monday of last week with all its contents. Loss about \$5,000 without insurance. Mr. Fitzpatrick was until recently the representative in Congress of this district, and had recently refurbished his home throughout, intending to make his home there.

Scott's Emulsion

of Cod Liver Oil is the means of life, and enjoyment of life to thousands; men women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food, when you hate it, and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

If you have not tried it, send for a sample. Its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 408 Pearl Street, New York. 50c. and \$1.00; all druggists.

MARRIAGES.
 CROCKETT-ALLEN.
 (Continued).
 In the midst of decorations, representing a flower garden, perfect in its beauty, at high noon Wednesday, May 8, in the Methodist church, Sharpsburg, Miss Rosa Dee, only child of J. W. Allen and John Richard, eldest son of J. Taylor Crockett, were married. Rev. J. K. Nunneley, of Georgetown officiating. Mrs. Claud Ratliff played Mendelssohn's wedding march. Dr. S. N. Stone, Bethel; W. L. Evans and W. F. Saunders, Sharpsburg; and L. Tipton Young, of this city, were the ushers. More perfect grace and time was never displayed by ushers. This was not only a happy day for the contracting parties, but for their many friends as well, because of their interest in them. The day was ideal. Early in the morning carriages began to arrive from cities and towns for miles around. It was soon evident that many would not be able to get in the church. Two more popular (deserving) so young people have never, plighted lives in this, or any other community. Miss Allen is one of those sweet, modest, strong intellectual and religious characters that is loved by all, from the greatest to the least. Mr. Crockett is of that type of manhood that always has friends, true as steel, honest, sober, industrious, affable and jovial. Another token of the esteem in which the couple is held was manifest in the one hundred and twenty-five handsome presents received, many of them quite expensive. Immediately after the ceremony the bride and groom left on a trip of several days for western cities. Upon their return they will at once go to housekeeping on the groom's farm near Bethel. Among those present from a distance to witness the marriage were: Mr. and Mrs. T. S. Andrews and daughter, Miss Francis, Misses Jennie Dougherty, Francis Hendrick and Amie Harbeson, Flemingsburg; Mesdames Owen Ingles and Ben Howard, Messrs. Sanford Allen and wife, and Royce Allen and wife, Millersburg; Mr. Lewis Rogers and wife, Paris; Mrs. J. M. Pickrel and daughter, Bourbon county; Rev. George Rapp and brother and J. K. Nunneley and wife, Georgetown; Mrs. Morgan Goodpaster, Miss Bettie Peters and Mr. Eugene Brother, Owingsville, besides some half hundred from Mt. Sterling. The writer joins with a host of friends of Mr. and Mrs. Crockett in wishing that this beautiful May morning may be but the springtime of their love, happiness and usefulness; that the summer of life may find their love for each other perfectly rounded in its growth; that the autumn of life may find it so matured in its oneness that the golden wedding day may be just fifty times happier than the first.

that sounded like that. The bride then said "he is down here at a store; we will go down and ask him." We interviewed the gentleman, who said his name was Kelley Gayhart, and that they were from Knott county. Mrs. Gayhart said to the reporter afterwards: "I have only known him about a week and was not certain what his name was, so I could not tell you." The first arrangement was that they be married at Clerk O'Connell's office, where Esq. Will Henry was to perform the ceremony and Harry Foggy and Miss Lou Stevens were to act as attendants, but for some reason they did not go back. Here's hoping that he will not have as gay heart as his name suggests, and that she will not be Sarechan An(d) hunting for him in the future.
